# OMNI

## Encapsulating Carpet Cleaner

Based on the latest technology in polymer surfactant cleaning, Omni absorbs and cleans the worst soil. The soil is absorbed into a bonnet or suspended for later vacuuming when used with brush method. Remaining residue retards resoiling. This makes vacuuming more effective and is the foundation for an excellent maintenance system for commercial carpet.

### Directions

Dilute 1 to 32 (4 oz. per gallon hot water). Dilute 1 to 16 for extra heavy soil. Application for extraction cleaning: Spray mixed solution lightly over a section of the floor surface. Allow solution to remain on floor for 5 minutes. Use hot water to extract the surface to remove all chemical and soil residue. Omni will dry in a crystallizing manner, which will allow 100% removal of any residual soil with the next days vacuuming. Omni is effective on all soil conditions.

### Caution Statements

KEEP OUT OF REACH OF CHILDREN.

This product may cause eye irritation and skin irritation. Wear eye and skin protection when using this product. Harmful if swallowed. Do not swallow.

#### STORAGE AND DISPOSAL

Store tightly capped in original container with label intact. DO NOT contaminate water, food or feed by storage or disposal. Dispose of empty container after triple rinsing. Do not reuse empty container.

See Material Safety Data Sheets (MSDS) for additional safety information.

### Physical Properties

Appearance: Clear Liquid  
Specific Gravity: 1.062  
Odor: Characteristic  
pH (Conc.): 8-10  
Flash Point: N/A (Water-Based Liquid)

### Packaging

This product is available in 4X1 gallon cases, 5 gallon pails, and 55 gallon drums.
