SPIRIT

Enzyme Digestant & Deodorant

Apple Blossom

Spirit has a living bacteria and enzyme suspensions, which attack solids such as grease, fats, proteins, carbohydrates, and sugars instantly destroying malodors. It eliminates it at the source and digests grease and organic waste naturally.

This product is guaranteed salmonella free. Continuous use of this product drastically reduces plumbing maintenance costs and reduces pump-out frequency, making it the ideal grease trap maintainer. It utilizes the latest biological technology to keep grease traps and drain lines free from clogs and foul odors.

Our unique bacteria blend offers greater continuous digestion while resisting chlorine, disinfectants and high water temperatures. This powerful digestant also contains special enzymes that immediately break down starch and complex carbohydrates. Unlike detergents that simply push grease into sewer lines, these bacterial strains work together to quickly and naturally degrade organic waste. This process not only eliminates greasy accumulations, but also helps eliminate obnoxious odors at the molecular level while the pleasant fragrance keeps traps and plumbing lines smelling fresh.

Directions

General Deodorizing: Superb for deodorizing Carpets, toilet and urinal areas, kennels, cigarette urns, bed pans, and similar places where foul odors are present.

Grease Traps: Initial treatment- pour 1qt. into opening closest to trap, prior to its longest non-use period. For maintenance purposes, use 4 oz. daily. (Large traps may require additional amounts).

Sink Drains: 4 oz. twice weekly. vary amount and frequency according to usage and size of drain.

Recreational Vehicles: Add 3 oz. per gallon of liquid in holding tank.

Porta Toilets: Add 1 qt. to solids to deodorize and aid in digestion.

Lagoons: 1qt. for each 10,000 gallon capacity. This can vary depending on feeding equipment used and condition of lagoon.

Caution Statements

Eye irritant. Harmful if swallowed. First Aid: Internal- Give large quantities of water. Do not induce vomiting. Get medical attention. External- Flush with water. Wash with soap and water after handling. Eye contact- Flush with water for 15 minutes. Get medical attention.

Physical Properties

Appearance: White Emulsion

Specific Gravity: 1.0185

Odor: Apple Blossom

pH (Conc.): 7.6-8.4

Flash Point: N/A (Water-Based Liquid)

Spore Count: 200 Bil. CFU

(Colony Forming Units) per gallon

Packaging

This product is available in 12x32 ounce cases, 4X1 gallon cases, 5 gallon pails, and 55 gallon drums.
